Weltek® exhibits on Expo-Protection 2018 in Paris !

STAND S30

For the first time, Weltek® will be exhibiting as a manufacturer at Expo-Protection in Paris Porte de Versailles, on November 6th, 7th and 8th.

You can discover our complete ranges of protection for welding, cutting and grinding on our booth S30.

In addition, this nationwide event will allow us to present 2 novelties which will provide an innovative and comprehensive solution to the current and growing concerns of respiratory protection for the welders.
